The proposal is to acquire the lands on the East of Lal Bagh road up to the Sankal kere ground. The total area to be acquired is 46 acres 30 guntas and 52 square yards. The cost of acquisition is estimated at Rs 1 11476. The layout of roads and sites is estimated to cost an additional sum of Rs 29892. The total cost will then be Rs 141368. After making

provision for roads etc this area is proposed to be laid out into 1157 sites. The cost works up to Rs 1-7-2 per square yard. There is very great demand for these sites. The municipality has however decided to defer this scheme for want of funds. As this scheme stands at present I see very little chance of its being taken up by the municipality. I therefore propose to reduce the size of the scheme and put up the modified scheme before the Council if funds can be provided in the budget of the municipality next year.

Reference is invited to my note dated 10th February 1935 the Municipality request Government to take up the present scheme apparently on the ground that its financial condition does not permit the undertaking of this scheme at present the cost of the present scheme is estimated at Rs 73 551 and the scheme will be self supporting only if we can realise at least this sum (which works up to Rs 1 2 0 per sq yd) Whether the estimate of initial cost of the scheme (particularly that relating to the acquisition of lands) has been properly prepared requires to be examined there is no data to show that

that we will realise at least Rs 73 551 by the sale of sites If Government should take it up, it may be done after the results of the Kumbargundi Scheme are known and realised It is undesirable ~~and~~ to take up ~~too many~~ more than one scheme simultaneously As already stated in my previous note dated 10 2 1935 the Municipality is responsible for forming such extensions and should not shift the responsibility to Government on the ground that it has not got sufficient funds In the latter case the proper course to be followed by the Municipality is to obtain a loan from Government for the purpose The undertaking of such schemes by Government directly is not desirable

Sir,

I have been given to understand that it is proposed to allot xx sites for the poor Musalmons somewhere near Appa Reddy Chattram, Lal-Bagh Road Bangalore City, and even to construct dwelling houses thereon and give them over to the desrving poor persons for an upset price

In this connection I humbly beg to state that I am a poor xxxx woman with five children of very tender age and live in a rented house The little income which I get by means of stitching is hardly sufficient to bear the burden of a large family and to meet the exhorbitant rate of rent month by month I therefore beseach you to sonsider my case favourably and to house me and my little children by the grant of a site or house if constructed free of cost or at an upset price

Sir

I am given to understand that the Mahomedan residents of Doddamavalli and Chikkamavalli have applied both to Government and to the City Municipality that the dry land attached to Durga referred to above may be acquired from the Makhan Authority and to give them for constructing the houses to the petitioners referred to above If it is a fact I beg to inform the Benign Government that the present Sajjada Sahib is minor It will take a very long time to this Sajjada to occupy the Peeta of his elders Such being the case the landed property which is a Jahagir given to this Makhan more than a century back by the famous Puler of Mysore Raj and in any way is no unknown to the Benign Mysore Government Moreoever I beg to inform you that this Jahagir was purchased by Nawab Hyder Ali Khan Bahadur from the then Maharaja of Mysore and as such I do not think that the Government will interfere and give away the said land for constructing houses and the fact of which may kindly be intimated to the petitioners Further a word in reply may kindly be favoured to the undersigned

The records relating to the above will be produced when called for

Respected Sir,

We the undersigned poor and Humble mahomedans of Bangalore City beg to bring the following few lines to your kind consideration and favourable orders

We beg to state that on the 5th February 1934 we had submitted an application to you for the grant of sites in the land between Hosur Road and Lalbagh main road and the Sunkal Farm Road in the middle, which we have already furnished

Your honour took pity on our poverty and miseries and ordered to the Municipal Commissioner, Bangalore City, to make necessary arrangements to our request And the Municipal Commissioner prepared the plans according to your order When we represented before him he satisfied us by showing the plans and said that the Municipality will help us in giving sites Kindly include Boys and Girls schools, Reading Room and Mosque in the above locality He also said that as we are not able to build houses due to our poverty the Municipality will help us to build houses and collect the amount of the buildings in easy monthly instalments We are still in the same hope now

So we appeal to you humbly that your honour will look to our miserable condition again and grant our request at an early date, so that we achieve comfort at least now

We hope our humble request would be fulfilled

For which act of kindness we pray for your long life and prosperity

We beg to remain,

We the [illegible] of Mavally, 150 members all in a body have applied to your honour for the building of houses in the area besides the Appa Reddy Coultry which is between the Lalbagh Road and Hosur Road, Bangalore

The City Municipal Commissioner and the Engineers prepared the plans of the buildings after measuring the sites and the Municipal Board Officers have granted it. This was recorded to the Government since two years. The order passed by the Municipal Board for the sanction of 150 houses for Rs 150,000/- was published in the English Daily Post dated [illegible] February 1935. It has been recorded for the Government sanction as per the Municipal Board sanction. We the poor people have full hope and explained to you and all the officers, the difficulties of houses and illness due to the [illegible] rot in good sanitary condition and the troubles caused by the mosquitoes, bugs etc. The good air in a sanitary condition is not available to us. Forming a new Extension to the East of Lalbagh road

Revised plans & valuation statements are herewith submitted

(1) Plan A shows the lay out of sites & roads to be formed

(2) Plan B shows the properties proposed to be acquired to suit the lay out proposals

The total area proposed for acqn is 45 acres & 13 guntas which has been divided into 3 stages as shewn in plan

The abstract statement (flag E) shows the details of the areas proposed for acqn, areas left out for parks roads & public buildings, number of sites to be formed, Acquisition & lay out costs &c

The first & second stages are all Inam lands granted by Govt except the portion F & small portions by the side of Lal Bagh road marked nos 1 & 2 These can be taken possession of without any costs in case the schemes are undertaken by Govt Exchange lands or other facilities may be provided by Govt in lieu of these properties Then the cost of acquisition will be very little as shown below –

U 27 12 7 1/6 / 1873

So the same re the

Rect 19/7/35

(1) Cost of acqn for the first stage Rs 12718 8-0
Deduct serial no 1 (other than Inam lands) 1450-0 0

Balance Rs 11268-8-0

(2) Cost of acqn for the second stage Rs 13578- 0
